Continuing Coverage for Veterans in Petersburg and Franklin

MARTINSBURG, W.Va. –To ensure there will be no disruption in patient care for our Veterans at the Petersburg and Franklin Community Based Outpatient Clinics (CBOCs), two Martinsburg VA Medical Center (VAMC) providers will be rotating at the clinics until there is a permanent solution for clinic coverage.

Serving our Veterans with the highest quality health care remains our top priority. Providers will be at the clinics over the next few weeks to continue providing comprehensive primary care to local Veterans.

The Martinsburg VAMC has been dedicated to improving services in Petersburg and Franklin. In May, the newly renovated Petersburg CBOC opened on the upper level and is providing primary care services and an expansion of telehealth services including cardiology, podiatry, dermatology and more.

222- Continuing Coverage in Petersburg and Franklin

The new Franklin CBOC located at 91 Pine Street in Franklin, West Virginia will be opening on June 29 and will also have an expansion of services to include a comprehensive primary care team and telehealth specialties.

It is a pleasure to serve our local West Virginia Veterans and we are excited to have these new clinics and added services.

The Martinsburg VA Medical Center mission is to honor America's Veterans by providing exceptional health care that improves their health and well-being. Located in West Virginia, the medical center offers a comprehensive range of services, including internal medicine, ambulatory surgery, audiology and speech pathology, dental, nursing home, nutrition, podiatry, prosthetics, women's health, mental health, and rehabilitation medicine. With a service area of nearly 125,000 Veterans in West Virginia, Maryland, Virginia, and Pennsylvania, the medical center operates seven Community Based Outpatient Clinics (CBOC). Six of the clinics are VA-staffed and are located in Cumberland, Hagerstown and Fort Detrick, Maryland; Petersburg and Franklin, West Virginia, and Stephens City, Virginia. One of the clinics is contracted and is located in Harrisonburg, Virginia.
