United States Senate
WASHINGTON, DC

GREETING FROM JOE MANCHIN III
UNITED STATES SENATOR

On behalf of the citizens of the Mountain State, and as your United States Senator, it is my distinct honor to extend my most sincere congratulations to the Martinsburg VA Medical Center on this very special ceremony.

This center opened its doors in 1944, and throughout the years, it has provided quality health care to thousands of men and women who have answered our nation's call of duty.

Today, we gather to celebrate the grand opening of the expanded Martinsburg VA Medical Center Emergency Department and the new Heroes Health and Wellness Center. I thank all of the men and women who have worked tirelessly to make this day a reality.

Our veterans and active members of the armed forces have played a tremendous role in securing and keeping the freedoms that we possess. I salute the soldiers of yesterday and of today. We need to sincerely thank them for their commitment and dedication toward protecting our great nation.

West Virginia has built a reputation for being committed to supporting and participating in service to our great nation through the armed services, and I am proud of what West Virginians have done and what they will continue to do.

The Martinsburg VA Medical Center's dedicated staff members perform important work every day. This facility cares for the men and women who have sacrificed and served our nation so well, and for that I am truly grateful. Please enjoy this very special day.

With warmest regards,
