About us

Since 1944, the Martinsburg VA Medical Center (VAMC) has been improving the health of the men and women who have so proudly served our nation. We consider it our privilege to serve your health care needs in any way we can. Services are available to more than 126,000 Veterans living in 22 counties in Western Maryland, West Virginia, South Central Pennsylvania and Northwest Virginia. Our mission is to honor America's Veterans as heroes by providing the highest quality health care.

Mini-Games

The medical center will host a day of mini-games for Veterans on Saturday, May 21. The mini-games are designed to prepare local and regional Veterans for the 2016 National Veterans Golden Age Games (NVGAG), one of the largest senior sports events in the nation.

During the mini-games, Veterans from the medical center, Washington DC VA Medical Center, Loch Raven VA

Community Living and Rehabilitation Center, and Lebanon VA Medical Center will compete against one another in a series of athletic events, such as, track and field, horseshoes, table tennis, shuffleboard and more. The games bring Veterans together and give them the opportunity to participate, no matter what level they find themselves.

The NVGAG is the premier senior adaptive rehabilitation program for military Veterans who are 55 years and older and is the only national multi-event sports and recreational seniors' competition program designed to improve the quality of life for all older Veterans, including those with a wide range of abilities and disabilities.

OPERATION: God Bless America Ride

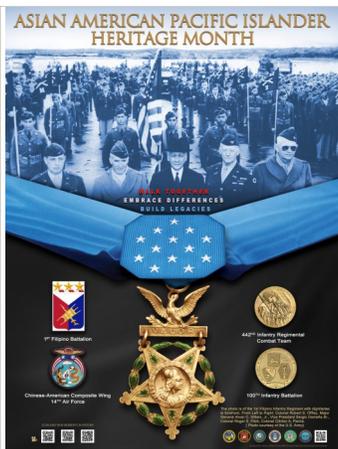

Motorcycle enthusiasts from Pennsylvania, Maryland, Virginia and West Virginia will gather for the annual God Bless America Motorcycle Ride on Sunday, June 5 to raise funds for patients of the Martinsburg VA Medical Center (VAMC) and honor those who served. Upon arrival at the medical center, riders will travel through the patriotic Avenue of Flags lined with U.S. flags donated by the families of deceased Veterans. Motorcyclists will be arriving around 1 p.m.

Petersburg and Franklin CBOCs Hold Open Houses

On Tuesday, May 10, the Petersburg and Franklin Community Based Outpatient Clinic's (CBOC) held open houses giving local Veterans the opportunity to tour the new facilities. Veterans were greeted by Timothy Cooke, director of the Martinsburg VA Medical Center, and clinic staff members. Demonstrations on newly installed tele-health equipment and tours of the outpatient clinics were provided by employees.

Petersburg and Franklin were recently redesigned to accommodate the growing number of Veterans in the area and to ensure they are receiving the best health care. Veterans commented on how beautiful the new clinics are, and how much each CBOC means to them personally. When Cooke was asked about what comments he heard most, he stated that it was clear that Veterans really like their new clinics and they love the CBOC staff.
